

SOLUTION - Wall mounted height adjustable system Triple boards

Designed to allow users of all ages, sizes or abilities to access the board more easily and ergonomically. Simple to install, you effortlessly move manually your SOLUTION board, simple or triple, up and down by 445mm thanks to the spring-loaded variable height system.

Benefits

ACCESSIBILITY: The board thus becomes accessible to users of all ages, sizes or abilities.

VISIBILITY: In the highest position, it also allows students seated at the back of the classroom to keep a good visibility on the board.

ENERGOMICS: Compact, the system is perfectly adjusted to lower or raise the board smoothly and safely.

WALL MOUNTED OR MOBILE: The system can either be fixed to a masonry partition or weak wall using the fixing kit. Another model is available to be mounted on a mobile freestanding base.

TO BE COMBINED TO SOLUTION BOARDS, SIMPLE OR TRIPLE: Board and mounting system must be ordered together. The board offers a lightweight polypropylene honeycomb substrate and the metal compass hinges allow the triple board to be cantilevered.

Specifications

Mechanically welded lacquered frame.
Guidance by nylon ring, translation by cable.
End of stroke damper.
System protection casing.

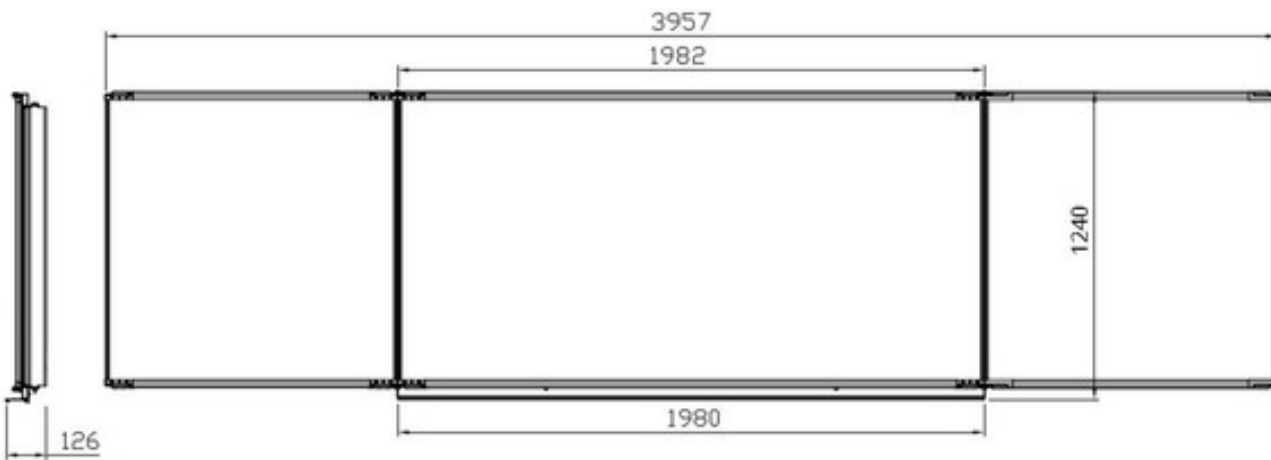

Certifications & warranty

Board: 2 years / Surface: for life.

This product is manufactured in a French factory which is certified to ISO 9001, ISO 45001 and ISO 14001.
