

The Diamond Wall allows intensive writing, large-format displays, and projection across its entire surface. The Diamond Wall consists of multiple panels that are assembled during installation. For example, a 200x400 cm board is delivered in 4 panels, each measuring 200x100 cm. There is no white connection profile between the panels or around the edges.

Details

MINIMALIST DESIGN: No framing and invisible wall mounting using Z profiles on the back.

NEAT FINISHES: Elegant smooth edges, juxtaposed, tinted in the same color as the surface, made thanks to a high pressure water jet cut.

ECO-FRIENDLY & DURABLE: Eco-friendly materials such as e3 enamel surface guaranteed* and 99% recyclable, which offers increased resistance to scratches, bacteria and chemicals. * Under normal conditions of use.

LARGE MAGNETIC SURFACE: Surface 2 m high and up to 5.9 m wide, allowing display using magnets.

Materials

Glazed steel surface 800°C e3 white felt.

High density wood fibre substrate.

Aluminium «Z» fixing.

Juxtaposition height locked between each panel by aluminum "lock" profiles.

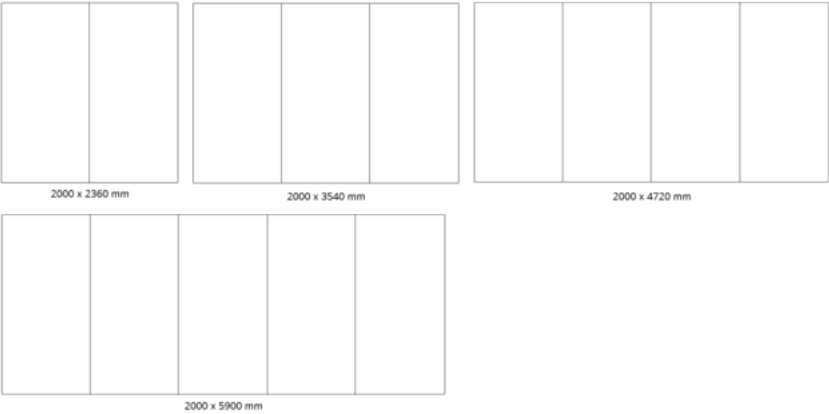

Certifications & warranty

Product manufactured in a French factory certified ISO 9001, ISO 14001 and ISO 45001.

Fire classification M1
