

Available in various glass options, the **TURN** pivoting board adds brightness to any space. Mobile and versatile, it provides a double writing surface where wall boards aren't feasible, with 360° rotation and dual-sided visibility in its transparent version.

Details

LARGE CHOICE OF GLASSES: Choose from magnetic lacquered glass to display with magnets, or transparent or translucent coloured glass. Almost any colour is possible.

MOBILE AND STABLE: Base equipped with 4 swivel castors, all lockable.

PIVOTABLE: The board can be locked in any position by means of a tightening handle.

FOR WRITING AND DISPLAYING: Write all your messages using dry-erase markers for whiteboards or liquid chalk, and display your memos using optional high-powered neodymium magnets (lacquered glass).

Materials

Double surface in 8 mm thick clear laminated glass, available in magnetic lacquered glass, clear glass or translucent colours.

Steel legs and cross-pieces in silver chrome epoxy finish.

4 lockable chrome castors, diameter 50 mm.

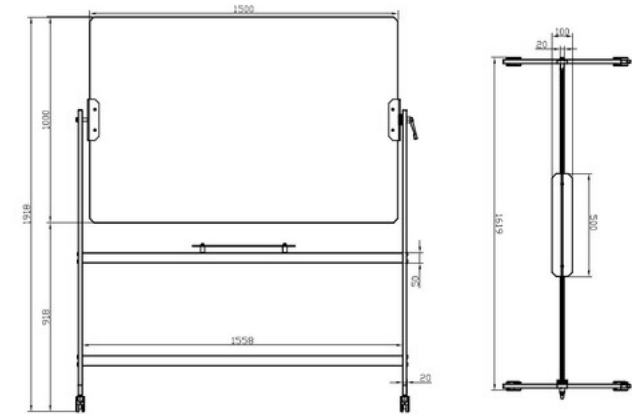

Certifications & warranty

2 years
